Memo

The agent of Desai Raje Urs prays that the realization from the Cattle Pounds established at Bagali and Hoskote, Suvvamany-am villages belonging to Desai Raje Urs, which are now credited to Govern-ment under Local Funds, may be given over to the Inamdar. He bases his claim on the use of the words "Charádáya" and "Horádáya" in the Saunads granted to the Inamdar, which words, he contends, include cattle pounds, and he urges that in the Saunad relating to Hoskote, the item "Jondi" or cattle pound is expressly mentioned among the items comprising the Berij of the village.

The pound at Bagali was established in 1885 under the authority of the District Magistrate under Act I of 1871, and that at Hoskote was likewise esta-blished in January 1892 subsequent to the introduction of Regulation VIII of 1892.

The question involved was before the Govt. more than once. In 1865 it was held

Letter No 2996/R. 46 of 10-10-65 from the Secretary to the Chief Com-r & Supt. Nagar Dt

held" That the proceeds of the sale of unclaimed cattle, and the fines levied on account of ~~cattle~~ trespasses by cattle are certainly not claimable by Inamdars, especially as the sums realized are devoted to Local Funds".

In 1869, as an exceptional case, the agent of the Shingeri Inam villages, was, on the recommendation of the Superintendent of the Division, permitted to erect a cattle pound and to appropriate the realizations for the benefit of the Jaghire - In 1874 a memorial [x] subscribed by a large number of Lurvamanyandars and other Inamdars in the Province was presented to the Chief Commissioner regarding the grievances of Inamdars, one of which was the appropriation by Government of the cattle Pound proceeds of Lurvamanyam villages, and the memorialists laid.

Next a question was raised whether the above order affected the privilege accorded to the Sringeri Jaghire, whereupon the Chief Commissioner explained that the object of the order was not to discourage the erection of pounds in Jaghires, that where they already existed they might continue but that the provisions of the Cattle Trespass Act should be enforced in all cases. There was again a question as to the exercise of the privilege by the Matt in isolated villages, held by it outside the Jaghire, and it was held that the concession granted in 1869 could not be extended to such villages. The Chief Commissioner at the same time enquired what means of redress existed

of Establishing pounds against the unauthorized impounding of cattle,
has been granted, and
Whether any reports were
received to show the annual
realizations from fines
and unclaimed cattle

on Public works within
the Jaghires. It was reported
that means of redress were
the same as those provided
in Chapter V of the Cattle
Trespass Act, that the real-
izations of the pound at
Srinjeri were being intimated
to the amildar of the Lakvalli
Taluk, that it was to be
presumed that the sums
were not being applied
to Public works in the
Jaghire, that the matter was
however under an engagement
to make certain contributions
to the cost of roads under
Construction by the D. P. W
through the Jaghire viz
Extension of Govt. roads,
that in the Hassan District
no Inamdar had been
allowed to construct and

The question for determination is whether under the above circumstances the owner of the Sarvamanyam villages of Bagali and Hoskote may be allowed to take the realizations from Pounds established in those villages under the provisions of the Cattle Trespass Act, and if so subject to what conditions.

to the effect that on a reference made to the District Hoozoor the payment of the amount as asked for was declined sanctioned. The endorsement is enclosed.

In the Hoskote village also there is much complaint from the ryots regarding the stray Cattle - Several petitions to the Nanjangud Taluq since 1887 have received no attention

I have shown the original Saunads for both the villages - It clearly shows that the Pound fees belong to the Inamdar. According to the Saunad the village is to be enjoyed as Inam, as according to the same Saunad other items of revenue are also enjoyable, & it is requested that sanction may be accorded for enjoying the Pound rents also according to the Saunad.
